

WOMEN'S LEADERSHIP INSTITUTE (WLI)

VIRTUAL COURSE OVERVIEW AND SCHEDULE

Course Overview

The IACP Women's Leadership Institute (WLI) is a leadership training program for female leaders and those developing female leaders. The curriculum is focused on teaching participants evidence-informed leadership theories to help them inspire followers, lead groups, and achieve organizational goals—all in the context of better understanding the unique challenges women face in the workplace.

Spanning nine weeks in duration, this course consists of two virtual live events a week led by IACP-certified instructors, at-home assignments to support learning application efforts, and virtual (and optional) social events to facilitate participant networking throughout the eight weeks.

In addition to the two live events that will take place per week, participants are expected to do work outside of class on homework assignments and group project work. The estimated time per week spent on activities outside of class sessions is roughly two to three hours. Further, participants must attend twelve out of sixteen live events in order to receive their certificates of completion.

Course Schedule

Week Prior to Live Event March 22-26	*Tech Check Office Hours Monday, March 22 10:00 AM – 4:00 PM EDT	*Tech Check Office Hours Tuesday, March 23 10:00 AM – 4:00 PM EDT	Course Introduction & Orientation Live Event: Wednesday, March 24 2:00pm – 4:00pm EDT

***Tech Check In:** This time is to allow participants to test technological capabilities and ask any questions regarding the two primary platforms we will use throughout the program – RingCentral and the Online Community. We encourage everyone to drop by during one of the sessions. Our goal is to troubleshoot any tech issues in advance of the course, so that we may maximize our focus on the WLI curriculum during virtual live events.
